

Ozark Weave

Stocked in 30 yard bolts, 15 yard increments.

Physical Properties

Weight: Type II 20 oz

Backing: Non-woven

Width: 52"

Repeat: Horizontal 52" x Vertical 18"

Installation: Non-Reversible Match Pattern

This pattern is constructed with mylar and has special installation instructions.

Please visit www.nationalsolutions.com for more information.

Performance:

Fire Rating: Class A, ASTM E-84

Flame Spread 0

Smoke Developed 65

Meets Federal Specifications CCC-W-408A-D for Type II material

Environmental:

Phthalate-free

No heavy metals or formaldehyde

Note:

All wall surfacing materials including wallcoverings, should be selected taking into account the building in which they are to be installed. Vinyl wallcovering can act as a barrier and consequently should NOT be installed on walls that are susceptible to excessive condensation or moisture infiltration. Buildings that have had liquid or vapor moisture infiltration problems or that have other conditions that make moisture infiltration likely are at risk for mold growth. Should these factors become an issue please consult with a professional about the benefits and limitations of wallcovering.
